

Coreline Agency – Outreach Representative Revenue Share Policy

This document defines the payment and revenue■sharing structure for Outreach Representatives working with Coreline Agency on a commission basis.

- 1 Outreach Representatives work on a commission■based model only. There is no fixed salary.
- 2 Payments are released only after the client has completed full payment to Coreline Agency.
- 3 Total outreach commission pool is 10% of the generated revenue — this does NOT mean each outreach representative receives 10%.
- 4 If multiple outreach representatives (for example, 5 members) are involved during a payment cycle, the total 10% revenue share will be divided among eligible outreachers based on contribution or internal distribution rules.
- 5 Payments are processed weekly once revenue is received and verified.
- 6 Coreline Agency reserves the right to review performance, validate leads, and adjust internal distribution when necessary to ensure fairness.
- 7 Any fake outreach, spam behavior, or policy violations may result in removal from the revenue share pool.

By working as an Outreach Representative with Coreline Agency, you acknowledge and agree to this revenue■share structure and weekly payout system.
